

§500-94 Archery Ranges -- Outdoor Commercial NEW

This §500-94 is intended to provide minimum standards to regulate commercial outdoor archery ranges (hereinafter referred to as *ranges*) in order to protect neighboring property owners and the public at large from dangers of wild or ricocheting projectiles and from excessive noise and other nuisances.

- A. Setbacks. All outdoor archery ranges shall be situated not less than one 100 feet from any property line and public street right-of-way.
- B. Safety Design. All ranges shall be designed and constructed with safety facilities to prevent accidental wild or ricocheting and stray arrows and prevent any projectile from leaving the site. The Borough may require such additional safety features deemed necessary to meet the intent of this §500-94. Such features may include, but shall not be limited to, increased setbacks, earthen berms and setbacks, range orientation, and a limitation of hours of operation.
- C. Hours of Operation. No arrow shall be discharged outdoors between the hours of dusk and dawn. However, the Borough may establish more restrictive time limits as a condition of approval.
- D. Fence. Security fencing may be required by the Borough of such extent and design to restrict accidental access to any range.
- E. Posting. The 100-foot perimeter around any outdoor range shall be posted with warning signs to adequately inform anyone entering the area.
- F. NFAA Guidelines, State and Federal Regulations. The applicant shall provide evidence of compliance with any applicable National Field Archery Association guidelines and state and federal regulations.
